<i>(Signature of person authorized to sign)</i>		BY <i>(Signature of Contracting Officer)</i>	

This amendment is issued to extend the closing date from 15 April 2002, to 30 April 2002, and to revise portions of the specification and best value award criteria.

The following paragraphs of the specification, found in Section "C", are changed as follows:

FROM:

3.2.4.7 (M137) The launch cup shall be hard coat anodized in accordance with MIL-A-8625, Type III, Class 2, and shall be black (FED-STD-595 Color 27038). Test in accordance with 4.3.2.4.8.

TO:

3.2.4.7 (M137) The launch cup, **if made of aluminum, shall be hard coat anodized in accordance with MIL-A-8625, Type III, Class 2 and regardless of material shall be black (FED-STD-595 Color 27038).** Test in accordance with 4.3.2.4.8.

FROM:

4.3.2.4.8 Launch Cup Coating. Visual inspection of the launch cup shall be made to ensure that it is hard coat anodized in accordance with MIL-A-8625, Type III, Class 2, and black (FED-STD-595 Color 27038). Defectives are those launch cups that fail the requirements of 3.2.4.7. The lot fails if the number of defectives exceeds the requirements of 4.2.

TO:

4.3.2.4.8 Launch Cup Coating. **Visual inspection of the launch cup shall be made to ensure that, if the cup is made of aluminum, the cup is hard coat anodized in accordance with MIL-A-8625, Type III, Class 2, and regardless of material, is black (FED-STD-595 Color 27038).** Defectives are those launch cups that fail the requirements of 3.2.4.7. The lot fails if the number of defectives exceeds the requirements of 4.2.

Amend the following paragraph found in Section "M", Evaluation Factors for Award:

FROM:

PHASE I -- All interested parties shall provide product samples in quantities as listed in Section "B" of this solicitation. The product samples shall be submitted by each potential contractor, free of cost to the Government as part of their proposal. Each component of the Rubberball grenade system will be evaluated for performance and workmanship, by the Government, in accordance with Sections 4.2 and 4.3 of OEMC Specification 00020. Following Phase I testing, a competitive range determination will be made which will include only the most highly rated proposals. All firms that are not included in the competitive range will be notified in writing. The Government will then place purchase orders, to a minimum of 2 highest rated contractors, for the following: 192 EA Rubber Ball Grenade; 10 EA Practice Grenade Body; 800 EA Practice Grenade Fuze; 3,840 EA 12 Gauge Launch Cartridge; 2 EA Inert Rubber Ball Grenade; 3 EA Launch Cups for Mossberg 500A2 and 3 EA of M1014 Combat Shotgun. Test samples purchased from each vendor downselected from phase 1 will be subjected to environmental and safety stresses before being tested as listed in Table II of OEMC SPEC 00020 (phase II). A single vendor will be selected at the end of Phase II to receive the IDIQ contract.

TO:

PHASE I -- All interested parties shall provide product samples in quantities as listed in Section "B" of this solicitation. The product samples shall be submitted by each potential contractor, free of cost to the Government as part of their proposal. Each component of the Rubberball grenade system will be evaluated for performance and workmanship, by the Government, in accordance with Sections 4.2 and 4.3 of OEMC Specification 00020 **with the exception that notes 1 through 6 of Table II will not apply to the Government's evaluation.** . Following Phase I testing, a competitive range determination will be made which will include only the most highly rated proposals. All firms that are not included in the competitive range will be notified in writing. The Government will then place purchase orders, to a **minimum of 1** highest rated contractors, for the following: 192 EA Rubber Ball Grenade; 10 EA Practice Grenade Body; 800 EA Practice Grenade Fuze; 3,840 EA 12 Gauge Launch Cartridge; 2 EA Inert Rubber Ball Grenade; 3 EA Launch Cups for Mossberg 500A2 and 3 EA of M1014 Combat Shotgun. Test samples purchased from each vendor downselected from phase 1 will be subjected to environmental and safety stresses before being tested as listed in Table II of OEMC SPEC 00020 (phase II). A single vendor will be selected at the end of Phase II to receive the IDIQ contract.

Amend the following clause, "Marking for Shipment (5511)" to read as follows:

The contractor shall mark all shipments (with the exception of CDRL items) under a resulting contract to include the following items:

Contract Number;

Item Number;

Lot Number (when applicable);

Part Number;

National Stock Number;

Serial Number;

Packing Date;

Attn: Rob Bedwell, Code 40311, Bldg. 2074

NOTE: The test samples which are required at solicitation closing, should be sent to Bldg. 2074, Code 40311, and marked to the attention of Mr. Rob Bedwell.

All other terms and conditions of this solicitation remain unchanged. The closing date is extended to 30 April 2002, 2:00 PM EST.
